

Name of the student: \_\_\_\_\_ Grade-2 Date: 02/05/2020

**I. Complete the skip count by 4, start with 4**

|   |  |  |  |  |  |  |    |
|---|--|--|--|--|--|--|----|
| 4 |  |  |  |  |  |  |    |
|   |  |  |  |  |  |  | 64 |

**II. Fill in the missing numbers in the chart below counting by 5's.**

|    |  |    |    |  |    |    |  |    |     |
|----|--|----|----|--|----|----|--|----|-----|
| 5  |  |    | 20 |  | 30 | 35 |  |    |     |
| 55 |  | 65 |    |  | 80 |    |  | 95 | 100 |

**III. Fill the missing numbers.**

a)  $5 \times \underline{\quad} = 15$

i)  $7 \times \underline{\quad} = 35$

b)  $2 \times 5 = \underline{\quad}$

j)  $3 \times \underline{\quad} = 21$

c)  $10 \times \underline{\quad} = 70$

k)  $6 \times 3 = \underline{\quad}$

d)  $8 \times 1 = \underline{\quad}$

l)  $\underline{\quad} \times 10 = 30$

e)  $3 \times \underline{\quad} = 9$

m)  $3 \times \underline{\quad} = 24$

f)  $6 \times 0 = \underline{\quad}$

n)  $8 \times \underline{\quad} = 16$

g)  $9 \times \underline{\quad} = 9$

o)  $\underline{\quad} \times 8 = 0$

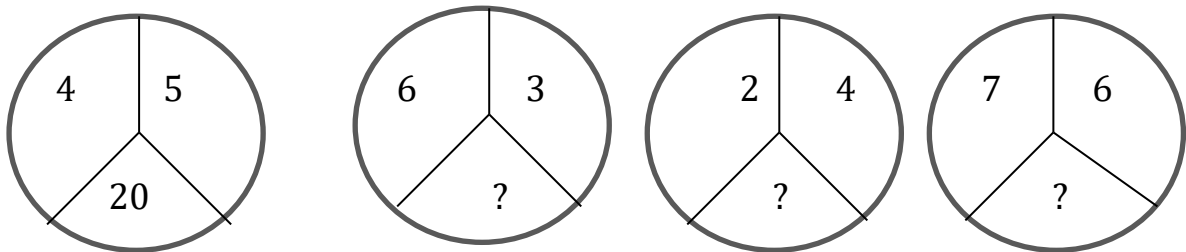

h)  $2 \times 2 = \underline{\quad}$

p)  $9 \times \underline{\quad} = 36$

**IV. Write given statement is True (T) or False (F).**

- a) 2 added 3 times is same as  $2 \times 3$ . ( )
- b) Repeated addition means multiplication. ( )
- c) '+' is the sign for Multiplication. ( )
- d)  $4 \times 5$  is equal to 5 times 4. ( )
- e) Result of Multiplication is product. ( )

**V. Solve the following.**

**VI. Answer the following questions.**

1. Rahul and Aditya played a balloon shooting game Aditya hit 26 balloons where as Rahul hit 42 balloons .How many balloons did they hit in all?

**Ans:**

|     |   |
|-----|---|
| T   | 0 |
| 2   | 6 |
| + 4 | 2 |
| 6   | 8 |

2. Amar has 59 kites. He gave 27 kites to karan. How many kites are left with him?

**Ans:**

|   |   |
|---|---|
| T | 0 |
|   |   |
|   |   |
|   |   |
