

Grade- VIII

Name of the Student: _____ Grade/Sec: _____ Branch _____

SOCIAL

1. Find out the renewable and nonrenewable sources from the following puzzle

A	S	S	H	J	X	P
G	F	A	G	K	Z	E
M	W	A	T	E	R	T
N	C	I	B	V	Z	R
F	O	R	E	S	T	O
S	A	R	H	J	T	L
N	L	B	V	C	S	E
A	D	G	O	L	D	U
Q	R	G	N	U	M	M
N	Q	H	D	M	R	A

2. Draw a poster on water conservation
3. With the help of the diagram describe the composition of the atmosphere
4. Classify these things into **Biotic** and **Abiotic** in the given table
 - a. Rock
 - b. Table
 - c. Gold
 - d. Air
 - e. Plants
 - f. Fungus
 - g. Animals
 - h. Bacteria

Biotic	Abiotic

5. What are the reasons for land degradation today? suggest some ways to protect the land from degradation
6. Design a poster highlighting energy conservation
7. Picture based on activity

- a. Name the largest desert of the world
- b. What are the two types of desert
- c. Name some animals of desert
- d. Name some plants of desert

8. Define the following

- a. Sericulture
- b. Pisciculture
- c. Viticulture
- d. Horticulture
