

BASIC WORKSHEET

Name: _____

Grade: IV

Branch: _____

Date: 29/04/20

Subject: Social Key

Topic: Plateau region of India

I. Answer the following

1. Define Plateau.

Ans. A plateau is a flat table-like top or a highland which is higher than the land around it.

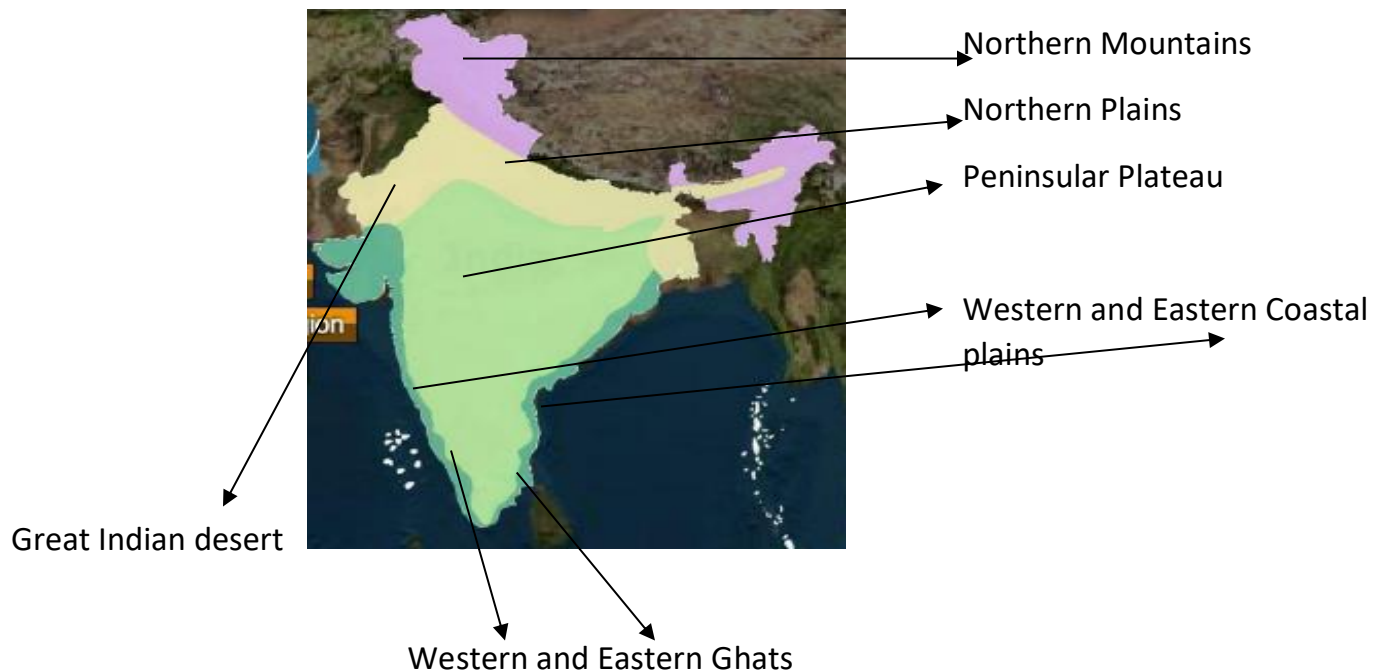

3. What is the other name for Peninsular Plateau in India?

Ans. Southern Plateau

4. Why is the Plateau in India called as Peninsular plateau?

Ans. Because the Plateau in the Indian sub-continent is surrounded by water-bodies (Indian ocean in south, Arabian sea in west and Bay of Bengal in East) on three sides which makes it a Peninsular plateau.

5.

II. Fill in the blanks

6. Peninsular plateau lies to the south of Northern Plains.

- III. Peninsular plateau is surrounded by
- a). Eastern Ghats in east
 - b). Western Ghats in west
 - c). Aravalli hills in north-west
 - d). Rajmahal hills in north-east
